APSLAN - RS485/IP convertor

The APSLAN communication converter is designed for communication with Techfass system via TCP/IP interface.

Manufacturer: Techfass
Reference: APSLAN

Price: 199,65€

Description:

The **APSLAN** communication converter is designed for communication with APS mini and/or APS mini Plus system via TCP/IP interface or for providing one-way communication from the readers with WIEGAND output via TCP/IP interface.

The mechanical design is DIN rail mountable.

It is possible to manage up to 32 address modules at a single APS mini / APS mini Plus line.

The WIEGAND interface of the converter enables to connect any reader with WIEGAND output as a PC microreader.

Mechanical design Weight 0.033 kg Operating temperature -10°C ÷ +40°C Humidity Max. 75%, non-condensing Environment Indoor Dimensions 65x48x20 mm Technical features Supply voltage 8 ÷ 18 VDC Current demand Typical 95 mA Maximal 130 mA Indicators 1x LED Communication interface RS 485 for system BUS Ethernet WIEGAND input
