

### **Fail-safe Electric strike**

Also called fail-open. In this configuration, applying electric current to the strike will cause it to lock. It operates the same as a magnetic lock would.

**Manufacturer:** 2N

**Reference:**H932091

**Price:** 76,23€

### **Description:**

ELECTRICAL STRIKE 11211MB MECHANICAL BLOCKING. BEFO 11211MB 12V/230mA DC.
