**Verso module bluetooth & RFID Reader (125kHz + 13,56MHz)**

Combined Bluetooth & RFID reader 125 KHZ, 13.56 MHZ, NFC

**Manufacturer:** 2N
**Reference:**H9155082

**Price:** 699,38€

**Description:**

The Bluetooth & RFID module for 2N® IP Verso and 2N® LTE Verso combines the currently leading RFID technology with a modern approach to access control based on the Bluetooth technology.

Thanks to the multi-frequency RFID reader it reads both, unsecured 125 kHz cards and smart 13.56 MHz cards. For higher user convenience, only the smartphone with installed 2N® Mobile Key app can be used to open the door!
