VS8100 1CH video converter

IP Converter for 1 camera. Compression H264 and MJPEG.

Manufacturer: Vivotek
Reference: VS8100

Description:

VIVOTEK VS8100 is a small-sized H.264 1-CH video server that helps you migrate from analog to digital surveillance system with ease. Its power sharing with CCTV and tiny design make it ideal for front-end installation and surveillance applications such as home, offices, retail stores, banks, and city surveillance, where their power supply and IP network connections are already settled. VS8100 supports a variety types of analog cameras, including PTZ cameras with its Pan/Tilt/Zoom control through the built-in RS-485 port.

With the high-performance H.264 compression format, it drastically reduces the file sizes and conserves valuable bandwidth and storage space. Supporting simultaneous multiple streams, the video streams can be transmitted in either of H.264 or MJPEG formats for versatile applications. The streams can also be individually configured with separate frame rates, resolution, and image quality so as to meet different platforms or bandwidth constraints.

Features
Up to 30 fps at D1 Resolution Real-time H.264, MJPEG Compression (Dual Codec) Simultaneous Multiple Streaming One Way Audio RS-485 Interface for PTZ Camera Control Ultra-mini Size for Front-end Installation and Discreet Surveillance Application DC 12V Power Sharing with Analog Camera Green Product
